BUILT TO MANUFACTURE STRUCTURED TO DELIVER

Matrix Apparels Is An Integrated Manufacturing Group That Owns Its Fabric Supply, Controls Its Production & Delivers Globally

Manufacturing Excellence, Innovation at Scale Fully Vertically Integrated.

We are Bangladesh's largest vertically integrated apparel manufacturer, managing everything from spinning to finished garments. With cutting-edge mills and premium materials, we deliver exceptional quality, speed, and sustainable excellence every step of the way.

Our Legacy

Matrix Apparels began with a single factory in Dhaka. Today, we operate an integrated manufacturing group spanning Bangladesh, China, and Sri Lanka, with trade finance in Hong Kong and a European base in Slovenia.

We are not an agency. We are not a trading house. We are a manufacturer that owns its fabric supply, controls its production, and delivers finished goods directly to retailers across the world.

ONE INTEGRATED GROUP

Our Infrastructure Was Built To Solve The Complexity Of Modern Apparel Sourcing

Matrix Design d.o.o.
